paid next year. If the estimate now sent is sanctioned -
 and, if G.O.T. is to bear half of the amount - the extra
 amount to be paid will be Rs 2645. There is
 no sum available ^{this year} of the Water Supply Grant of
 Rs 25,000 or the Town Improvement Grant of Rs 40,000
 and if the payment is deferred to next year the total
 sum payable will be Rs 13,587 - which is more than
 half of the usual Water Supply Grant provided in
 the budget. There are, besides other commitments such
 as the G.O.T. share of the cost of the Ashok Water supply
 to be met in part next year - it does not therefore
 appear possible to undertake to pay anything more
 for the Tipu Scheme. It is also for consideration
 if it is necessary for G.O.T. to contribute any further towards
 this scheme in view of the fact that nearly Rs 25,000
 has already fallen to their share and that in recent cases
 of sanction accorded to such schemes, e.g. Madhugiri, Dod Ballapur &
 G.O.T. have not made ~~substantial~~ contributions of ~~any~~
~~amount~~ half the amount of the estimates.

In these circumstances, the D.C. may
 perhaps be informed that G.O.T. cannot contribute any
 further sum towards the scheme & that the M.C.C.
 should bear the whole expenditure. If any relief
 is considered necessary to the M.C.C. the G.O.T. stop-work
 charges amounting to Rs 775 may be waived & the
 work directed to be done by the ~~Board of Sanitation~~ ^{Sanitation}.

The San Engineer may be consulted
 in the matter.
